WORK EXPERIENCE

Regex Byte IT Solution and Consultancy

Pakistan

Full Stack Developer

Apr 2023 - Apr 2024

- Designed and developed a comprehensive and user-friendly admin dashboard, enhancing the company's operational efficiency.
- Utilized modern frontend technologies to create an intuitive interface for managing backend operations and data analysis.
- Engineered a responsive and visually appealing e-commerce website, improving customer experience and engagement.
- Architected and implemented robust backend solutions, ensuring high performance and reliability.
- Developed responsive web applications using HTML, CSS, and JavaScript frameworks like React.
- Collaborated with cross-functional teams to design and implement RESTful APIs for data integration.
- Worked with validation team to ensure seamless collaboration and helped with the code and features validation and understandings.
- Worked on database management using SQL and NoSQL technologies such as MongoDB and MySQL.
- Proficient in both front-end and back-end technologies, ensuring seamless integration and user experience.

Sentrix Technologies LLc (Team Lead + Full Stack)

Apr 2024 - Present

- Skilled in mentoring junior developers, fostering a collaborative and innovative team environment.
- Directed the development of a HIPAA-compliant healthcare platform, designing secure APIs with attribute-based access control (ABAC) for over 10 user roles, resulting in enhanced data security and compliance adherence; successfully implemented role-specific dashboards and streamlined user workflows.
- Led a team of developers to create high-availability databases on Google Cloud Platform, deploying both backend and frontend solutions to WHM hosting, achieving 99.99% system uptime and supporting scalable growth for healthcare applications serving diverse stakeholders.
- Collaborated closely with validation teams to align system architecture with SOPs, resolving over 25 compliance issues through detailed documentation and process improvements; integrated third-party services like Paubox and SignWell for secure email communication and e-signatures, ensuring full HIPAA compliance throughout the workflow.
- Implemented encryption protocols for patient health information (PHI and ePHI), achieving a 99.9% data security certification rate and safeguarding sensitive data across multiple platforms.
- Led the development and deployment of secure electronic health record (EHR) systems, ensuring HIPAA compliance for over 1,000 patient records while reducing data breach risks by 40%.

PROJECT EXPERIENCE

Personal/Independent

Full Stack Developer

- Built a real-time collaborative platform integrating Slack-like messaging and Notion-style document editing.
- Enabled rich media support including documents, images, emojis, and formatted code blocks.
- Implemented real-time updates using Socket.IO and secure authentication with JWT.
- Designed and developed both frontend (Next.js) and backend APIs (Express.js) for seamless user experience.

Full Stack Developer

- Developed a multi-role (Buyer, Seller, Super Admin) web application for managing and transacting digital leads.
- Integrated Stripe for secure payments and Firebase for real-time messaging/chat system.
- Supported exclusive and shared lead types with robust lead management via manual entry or automated intake through webhooks (Facebook, web forms, Google Ads).
- Built scalable MySQL schema and admin dashboards with analytics and access control.

Full Stack Developer

- Created a role-based (Admin/User) HRMS with secure login and authentication using JWT.
- Designed features for employee management, leave tracking, and internal communications.

- Ensured a responsive and user-friendly interface using React.js and RESTful API integration with Node/Express backend.

SKILLS & INTERESTS

Skills: MERN Stack (MongoDB, MySQL, PostgreSQL, Express.js, React.js, Node.js), Next.js, RESTful APIs, HTML, CSS, JavaScript, Bootstrap, TailwindCSS, Stripe, Firebase, Socket.IO, JWT, Full Stack Development, Git, UI/UX

Interests: Building scalable applications, real-time collaboration platforms, UI/UX design, mentoring, innovation in web technologies

EDUCATION

AWKUM

Pakistan

Bachelors In Computer Science

HSSC

SSC

CERTIFICATIONS

- 🌟 ReactJS Basics & Advanced by Meta (Facebook)
- 🌟 Version Control by Meta (Facebook)
- 🌟 NextJS Masterclass by The Net Ninja
- 🌟 ReactJS by W3Schools
- 🌟 UI/UX Design Certification by Google.
